

Sr. Martina hails from Hyderabad, Andhra Pradesh. Her beloved parents Mr. D.K Dass and J. Lily were blessed with seven children who they brought up in piety and Holiness. It was not accidental that the fifth child among them received a special call to religious life. Bloomed in the love of God and filled with passion to serve the needy attracted her to religious life. After a period of prescribed years of formation and experiments she finally committed her whole life to God who called....she made her first profession in the year 1990 and final profession in the year 1997. This vivacious and spirit filled sister dedicated her life to the education of the young. She has served the Congregation in various capacities in different communities like Ayyanapalam, Cuttack, Waltair and Nagpur...Now she is the Superior of Nagpur Mission.

Sr. Josline coming from Thalore of Trichur, Kerala is the second among the four children of her dearly loved parents. Mr. Chakkunny and Anna the faithful and traditional Catholics formed this little daughter of theirs in the rich heritage of faith and service. In her early days itself she showed signs of her prophetic vocation to religious life. She believed "Love is made fruitful only in service". Ardent desire to desire to be united to the Lord and to his mission left her with an unquenched thirst for religious life. So called by God she chose to be His spouse and dedicated her total self to Him in the year 1990. She is a well equipped Lab Technician and has served the Health Care ministry of the Congregation. Her tremendous love for the young people is remarkable. She besides being the Superior of Cuttack Community is also actively involved in the formation of the young junior sisters. She wins the heart of every one through her gentle ways.
